CJA's REGISTRATION

**The Registration Unit now registers your candidates online.
(Please do not come to the Academy for Registration.)**

In order to Register Online:

- Make sure you see your candidate in ACADIS as "New Hire"
- Make sure you have submitted a Candidate Training and Certification Application
- Send an email to Registration@sccja.sc.gov
 - In the subject line put "Registration – Online"
 - Attach a legible copy of the candidates driver's license that has a clear photo.
 - Attach the medical form and TB test results (if it is required for the certification you are registering for)
 - Attach a copy of the FAQ/EVO for Limited Duty (Class 3) candidates, if it was not uploaded to the Application
 - Every candidate must sign the "Honor Code" and "Authorization and Release form" which you will find online in the Registration Forms Box. The training officer will need to witness it and attach it to the Registration - Online email.
- Once we receive the print cards, we will send them to SLED for processing. Once we receive the results from SLED, your candidate will be able to register for a class, the cumulative exam, etc. This usually takes about a week.

We will still run the Cumulative Test/PAT test on Wednesdays.

Fingerprinting will be done at the Registration Unit on Tuesday, Wednesday and Thursday from 9AM to 3:30PM for all candidates. If you are sending a group of more than 5, please let us know ahead of time. All candidates must have a mask to enter the building.

Drug Recognition Expert Pre-School - (16.00 CLEE Credit Hours) - Class Fee: \$20**Course Description:**

This course is designed for law enforcement officers who are skilled in DUI enforcement /prosecution and who have the desire to be selected to begin the process of becoming a Drug Recognition Expert (DRE) for the State of South Carolina. This class is not subject to open-enrollment and admittance to the DRE Pre-School is by DRE State Coordinator approval only. This class will serve as a screening device to determine if a student is qualified to continue training in the DRE School. Upon successful completion of this course, the student will be able to define the term "drug" in the context of impaired driving, will be able to list the seven DECP drug categories and examples of each, will be able to identify the twelve components of the drug influence evaluation, will be able to administer and interpret the psychophysical tests used in the drug influence evaluation, and much more. Students will be required to pass a written examination and an SFST Proficiency; however, passage of these tests does not guarantee a seat in the DRE School. The DRE State Coordinator and DRE Course Manager will also evaluate students based on attitude, character, and aptitude, and the final decision for allowing a student to continue in any phase of the DRE Certification process is at the discretion of the DRE State Coordinator. Attendees must be proficient in conducting the SFSTs and should prepare to exercise good study habits.

Assuming passage of the DRE Pre-School and acceptance into the DRE School, the student must be prepared to return the next day to continue into the adjacent DRE School for the next phase of training.

Agencies and prospective students should read the course description for the Drug Recognition Expert School and be sure that they are willing to commit to the obligations and timeline of the adjacent DRE School and field certification phase prior to applying for the DRE Pre-School.

LODGING IS AVAILABLE AND STRONGLY RECOMMENDED FOR ALL ATTENDEES OF THIS CLASS**Who Should Attend:**

Attendees must be currently certified as NHTSA DUI/SFST Practitioners or DUI/SFST Instructors. Attendees must attend and complete ARIDE prior to being considered for enrollment in this course. For consideration for enrollment, the prospective attendee must have completed a DRE School Application and be approved directly by the DRE State Coordinator. Attendees must have the blessing of their employing agency and must also be available to attend the DRE School immediately succeeding their selected Pre-School as well as the field certification training phase associated with that DRE School.

Drug Recognition Expert School - (56.00 CLEE Credit Hours) - Class Fee: \$105

Course Description:

This course is designed for law enforcement officers who have a strong commitment to DUI and drug impaired driving enforcement and whose agencies are also committed to this cause. This course is available only to those who have successfully completed the adjacent DRE Pre-School and are selected by the DRE State Coordinator to continue into the DRE School. After successfully completing this course, the student will be ready to continue to the final phases of the DRE Certification Program. The student will be able to name the seven categories of drugs and recognize the effects of each, to describe and proficiently administer the 12-step drug influence evaluation, to document the results of the drug influence evaluation in narrative format, to properly interpret the results of the drug influence evaluation, to testify as an expert in drug influence-related cases, and to maintain an updated curriculum vitae. The student must attend all portions of the training and must pass a final examination with a score of 80% or better.

Students successfully completing this phase of training must also successfully complete the field certification phase of training as well as the Certification Knowledge Examination. The field certification phase of training requires that the student travel with the South Carolina DRE Program to Jacksonville, Florida and successfully complete 12 hands-on drug influence evaluations and associated narratives. While in Jacksonville, the student must also complete the Certification Knowledge Examination as well as submit an approved curriculum vitae and rolling log. Once all necessary steps are completed and the student is recommended for certification by two DRE Instructors and approved by the DRE State Coordinator, the student is considered certified as a Drug Recognition Expert.

The field certification trip dates to Jacksonville for the October 2020 course are November 12-17, 2020. The field certification trip dates to Jacksonville for the February 2021 class are April 15-20, 2021. The cost of the student's travel, lodging and per diem are covered by the DRE Grant.

DRE Recertification - (8.00 CLEE Credit Hours) - Class Fee: \$5

Course Description:

The DRE Recertification Training course is designed to update current DREs and DRE Instructors with the latest information regarding the state and national DEC Program as well as to ensure that additional considerations are being taken when conducting drug influence evaluations in the field.

Who should apply:

The attendee should be a currently SC Class 1 certified officer who is also currently DRE certified.

Prerequisites:

The attendee should be a currently SC Class 1 certified officer who is also currently DRE certified.

Advanced Collision Investigation - (24.00 CLEE Credit Hours) - Class Fee: \$35

Course Description:

This course is designed to bridge the gap between collision investigation techniques learned in basic law enforcement training and those learned in the collision investigation series. In this course, the student will learn how to correctly respond to, secure, photograph, and document the scene of a serious traffic collision. The student will also learn methods to document and calculate the drag factor, grade, and super-elevation of the roadway and conduct basic speed estimates. This course is not required as a prerequisite for completing Phase I- At Scene Collision Investigation.

Who Should Attend:

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:

Certified full-time Class 1 law enforcement officers

Officer is Responsible for bringing own Special Equipment:

Notebook for note-taking, scratch paper for practice calculations, pencil.

Phase I – At Scene Collision Investigation - (80.00 CLEE Credit Hours) - Class Fee: \$140

Course Description:

This is the first course in the collision investigation series. This course is designed for police officers who collect and record data at the scenes of motor vehicle collisions. In this course the student will learn how to identify and preserve physical evidence from the traffic way and evidence from the vehicle, how to properly measure and complete a scale diagram, and how to calculate speed estimates from evidence located at the collision scene.

Who Should Attend:

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer

Officer is Responsible for bringing own Special Equipment:

Drafting Eraser, Colored Pencils and a computer that is capable of running Adobe Acrobat PDF.

Phase II – Technical Collision Investigation - (80.00 CLEE Credit Hours) - Class Fee: \$140

Course Description:

This is the second course in the collision investigation series. In this course the student will learn how to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn to use vector diagramming in their investigations. The student must have successfully completed the At Scene Collision Investigation course as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS

Who Should Attend:

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer
- Successfully completed TCI –Phase 1 At-Scene Collision Investigation

Officer is Responsible for bringing own Special Equipment:

Scientific Calculator, Blue Blitz, Drafting Eraser, 360 Degree Counter-Clockwise Protractor, Colored Pencils, and a computer that is capable of running Adobe Acrobat PDF.

Phase III – Collision Reconstruction - (80.00 CLEE Credit Hours) - Class Fee: \$140**Course Description:**

This is the third course in the collision investigation series. This course expands upon knowledge learned in Technical Collision Investigation. Through the use of projects, case studies, and live testing the student will learn more in depth methods to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn how to write a collision reconstruction report and prepare for trial as a collision reconstructionist. The student must have successfully completed the Technical Collision Investigation course as a prerequisite.

LODGING IS AVAILABLE FOR THIS CLASS**Who Should Attend:**

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer.
- Successfully completed: TCI –Phase 1 At-Scene Collision Investigation and TCI – Phase 2 Technical Collision Investigation.

Officer is Responsible for bringing own Special Equipment: Scientific Calculator, Blue Blitz, Drafting Eraser, 360 Degree Counter-Clockwise Protractor, Colored Pencils, and a computer that is capable of running Adobe Acrobat PDF.

Pedestrian/Bicycle Collision Investigation - (40.00 CLEE Credit Hours) - Class Fee: \$70**Course Description:**

This course is designed to train collision Reconstructionist to reconstruct pedestrian and bicycle collisions. In this course the student will learn how to calculate speeds in pedestrian and bicycle collisions using a multi-disciplinary approach. This course includes airborne, Searle, Eubanks, kinetic energy, and time and distance equations to name a few of the many involved in solving these cases. The student must have successfully completed all three (3) collision reconstruction investigation courses as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS**Who Should Attend:**

Officers who have successfully completed the all three (3) phases of collision investigation classes.

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer
- Successfully completed: TCI –Phase 1 At-Scene Collision Investigation, TCI – Phase 2 Technical Collision Investigation, and TCI - Phase 3 Reconstruction

Officer is Responsible for bringing own Special Equipment: Scientific Calculator, Blue Blitz, and a computer that is capable of running Adobe Acrobat PDF.

Motorcycle Collision Investigation - (40.00 CLEE Credit Hours) - Class Fee: \$70

Course Description:

This course is designed to train collision reconstructionist to reconstruct motorcycle collisions. In this course the student will learn how to calculate speeds of motorcycles involved in collisions using airborne, motorcycle, kinetic energy, and time and distance equations. The student must have successfully completed all three (3) collision reconstruction investigation courses as a pre-requisite.

LODGING IS AVAILABLE FOR THIS CLASS

Who Should Attend:

Class 1 Officers who have successfully completed the all three (3) phases of collision investigation classes.

Prerequisites:

- SC Certified Class 1 Law Enforcement Officer
- Successfully completed:
 - TCI –Phase 1 At-Scene Collision Investigation
 - TCI – Phase 2 Technical Collision Investigation
 - TCI - Phase 3 Reconstruction

Officer is Responsible for bringing own Special Equipment:

Scientific Calculator, Blue Blitz, and a computer that is capable of running Adobe Acrobat PDF.

Traffic Collision Investigation – Advanced Reconstruction Refresher (8.00 CLEE Credit Hours) - Class Fee: \$5

Course Description:

This course is designed to update officers who have already attended both the Pedestrian-Bicycle Collision Investigation and Motorcycle Collision Investigation courses. The course will refresh methodologies taught in each respective course as well as to update those officers who have attended in the past in the usage of new or updated formulae. The course covers topics such as pedestrian trajectories, the pedestrian-bicycle-motorcycle crash sequences, and calculating impact speeds using the Appel, Barzeley & Lacy, Bratten, Fugger & Randles, Limpert, Searle, Horizontal Speed Loss, Toor, Motorcyclist Vault, Wheelbase Deformation, and Wheelbase Deformation and Vehicle crush formulas.

Who Should Attend:

Class 1 Officers involved with traffic enforcement and regular patrol duties

Prerequisites:

Successful completion of **both** TCI- Pedestrian-Bicycle Collision Investigation and Motorcycle Collision Investigation.

Officer is Responsible for bringing own Special Equipment:

Scientific Calculator, pencil, scratch paper for calculations

2020 - 2021 Criminal Justice Academy
Mobile Training Unit Courses
(These courses will be listed in a separate tab of SCCJA Website)

The South Carolina Criminal Justice Academy's Mobile Training Unit is officially active and prepared to deliver courses in the field. The Unit is flexible based on each agency's needs and schedule. Each class is already Academy approved and officers will receive the listed MRN hours for each class. The attached course catalog has the current Mobile Training Unit offerings and more classes are in the works. Classes may be taught as stand-alone or combined to suit the needs of an agency. Class size will vary based on the training site unless otherwise notated.

Requests for training should be sent to the Mobile Training Unit at MobileTraining@sccja.sc.gov.
